

It's about people like you!

Housing is built so that people have a place called home

Housing isn't built for the pure joy of pounding boards together; it is built for families and individuals to have a place to call home. Housing is for all people: rich and poor, young and old. If you didn't have a secure and safe home, *how would your life be different?* That picture is reality for too many of our friends, family members and neighbors.

Join us and make a difference by creating an investment in Colorado and our people. Please get involved in one of the following ways:

- Become a Friend of our effort to create a Colorado Housing Investment Fund.
- Invite the Colorado Housing Investment Fund Coalition to make a presentation to your staff, organization, board, civic group, neighborhood association or congregation.
- Make a donation to support and make the dream of affordable housing a reality.

Colorado Housing
Investment Fund Coalition

People like you make all the difference in the world!
